Pillar 4 — Student Success

Product: EduOS · **Layer:** 4 · **Sidebar:** Student Success

Purpose

Student Success tracks **learning outcomes beyond attendance**: success scores, skill journeys, interventions, homework, certificates, and parent progress summaries. It answers: *Is this student on track, and what should we do if not?*

Who uses it

Role	Access
Center admin	Full engine — all tabs and admin actions
Teacher	Assignments, feedback, certificates (via Tutor Success overlap)
Parent	Homework view only (read-only list)
Student	Own homework — view and submit

Modules & functionalities

Path: Student Success (admin/teacher view)

Admin toolbar actions:

- **+ Assignment** — create homework for a batch/student
- **Issue Certificate** — award completion or achievement certificate
- **+ Feedback** — teacher notes visible to parents

Tabs:

Tab	Function
Overview	All students — success score, attendance, tests, homework %, risk badge
Journey	Skills by subject, progress bars, projects, certificates
Interventions	At-risk plans — generate, apply, mark resolved
Assignments	Homework list — grade submissions, track due dates
Parent Summary	Draft progress summary → Send to Parents

Success score combines attendance, test averages, curriculum progress, and homework completion.

Risk levels: High (<60 score), Medium, Low — drives intervention suggestions.

How to use — step by step

A. REVIEW ALL STUDENTS

1. Open **Student Success** → **Overview**.
2. Scan the table for red **high** risk badges.
3. Click a student row to open their **Success Profile** below.

B. TRACK LEARNING JOURNEY

1. Select student from dropdown (top toolbar).
2. **Journey tab** — review skills table (subject, level, progress %).
3. Add projects or view certificates earned.

C. APPLY AN INTERVENTION

1. **Interventions tab** for an at-risk student.
2. Review suggested plan (extra practice, parent call, etc.).
3. Click **Generate & Apply Plan**.
4. When resolved, click **Mark resolved**.

D. MANAGE HOMEWORK

1. **+ Assignment** — title, batch, due date, description.
2. **Assignments tab** — see status per student (pending, submitted, graded).
3. Click **Grade** to enter marks and feedback.
4. Students submit via **Student Success** (student login); parents can mark submitted (parent confirmation).

E. SEND PARENT SUMMARY

1. **Parent Summary tab** for selected student.
2. Review auto-generated summary text.
3. Click **Send to Parents** (uses Communication engine).

F. ISSUE CERTIFICATE OR FEEDBACK

1. **Issue Certificate** — pick student, title, date.
 2. **+ Feedback** — short note for parent portal **Feedback** tab.
-

Verify

- [] Overview shows all enrolled students with scores
 - [] New assignment appears in Assignments tab and student/parent homework views
 - [] Graded homework updates homework % on overview
 - [] Intervention can be applied and resolved
 - [] Parent summary sends to message log
-

Demo tip

Center admin → Student Success → pick a demo student → walk Overview → Assignments → Parent Summary.
